Peggie,
Well, here we are again another year, another book. We have had so much fun this year, and I hope we have so much more in the years to come. Of course you know we will. Someday all of our "Billy" dreams will come true. It seems like they have just started to come true like tonight (No!) I know we will have a good time tonight. You are one of the best pals a girl could have to tell all of her troubles to when you need someone to talk. Well, Good luck to you and Steve in the near future and hope everything comes out the way we want it to.
Love ya!

Twelve Years of Service and Devotion

Students and teachers alike have had great respect for Mrs. Charlotte Gray. Her reputation as an understanding and conscientious worker will be long remembered by all.

Throughout the years she has helped students with their problems and given aid, and extra hours of work, to teachers and principals.

"Nicky," as she has always been affectionately called, came to Van High as a member of the Ninth Grade Class. After graduation she was employed as the school secretary, at which post she served extremely well for twelve years.

We, the students, alumni and teaching personnel want to extend our gratefullness to her and the best wishes for much happiness in the coming years.

A smile for all.

Always ready to extend a helping hand.

Challenge: What's Next For West Virginia?

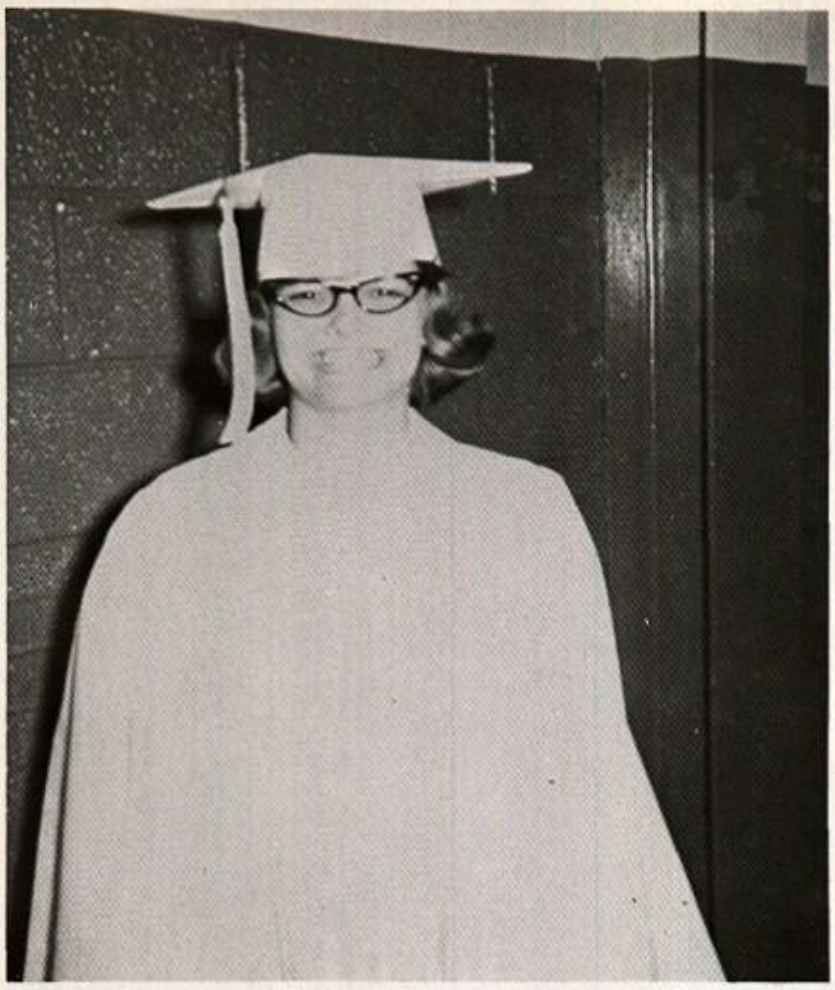
HONORABLE HULETT C. SMITH

Honorable Hulett C. Smith, 27th Governor of West Virginia, was the guest speaker at the Thirty-Eighth Annual Commencement.

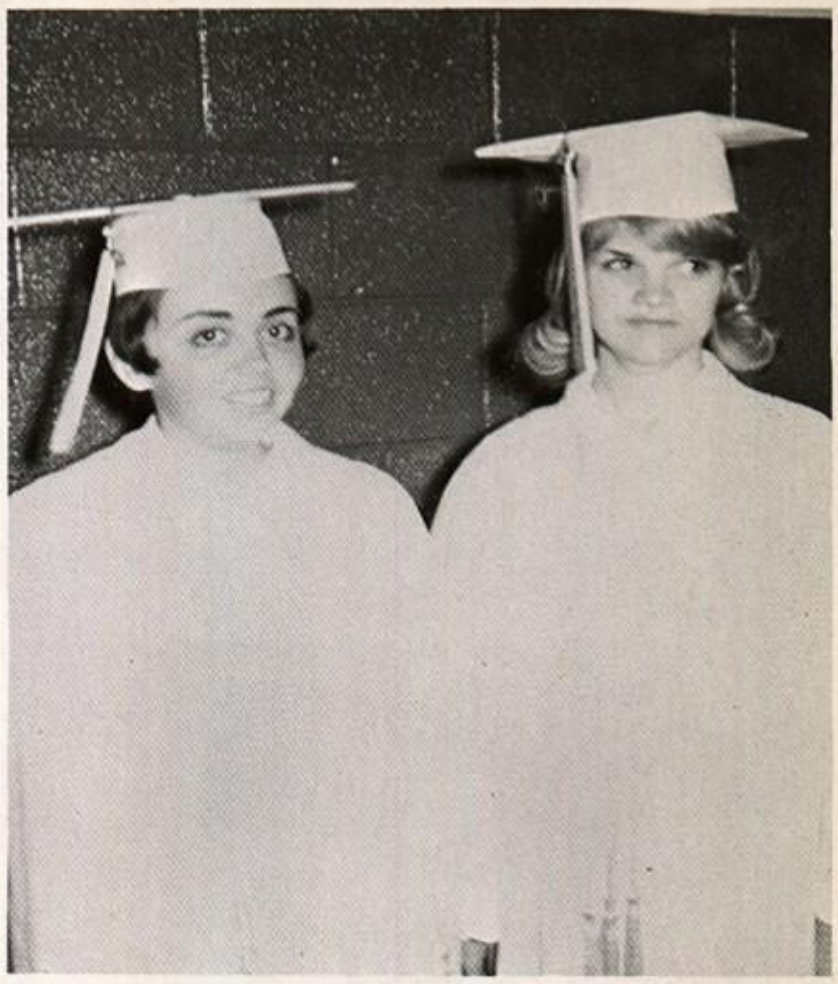
Mr. Smith stated that the destiny of any nation depends upon the opinions of its youth. He posed the question as to what degree they had taken advantage of the education provided by the state and challenged each graduate to stay and face the problems or move and let them grow.

The governor served in the Naval Forces in World War II and has also been active in the political and educational fields of W. Va.

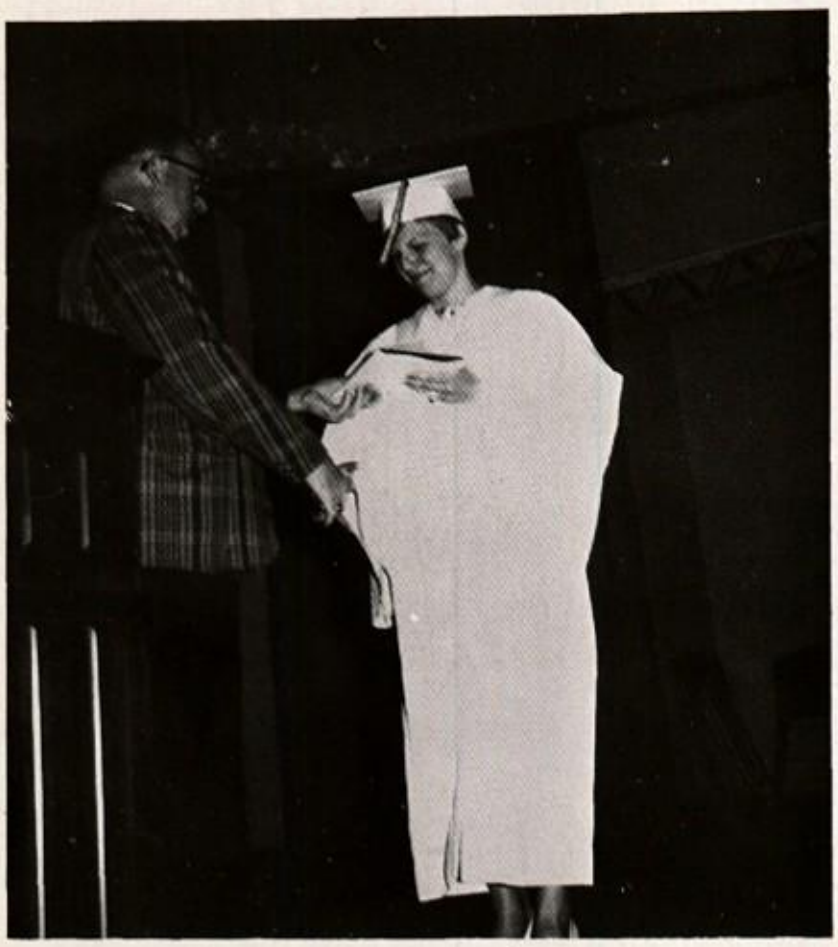
Students Respond To Challenge With Faith, Determination and Involvement



Valedictorian - Ellen Poore. Today's greatest challenge calls for personal involvement.



Co-Salutorians - Karen Davis and Shannon White. Karen stressed that faith is essential to man's well being, but without determination, he doesn't go far. Shannon quoted an old proverb, "It takes all kinds of people to make a world."



Receiving diploma and congratulations from Mr. Windon.

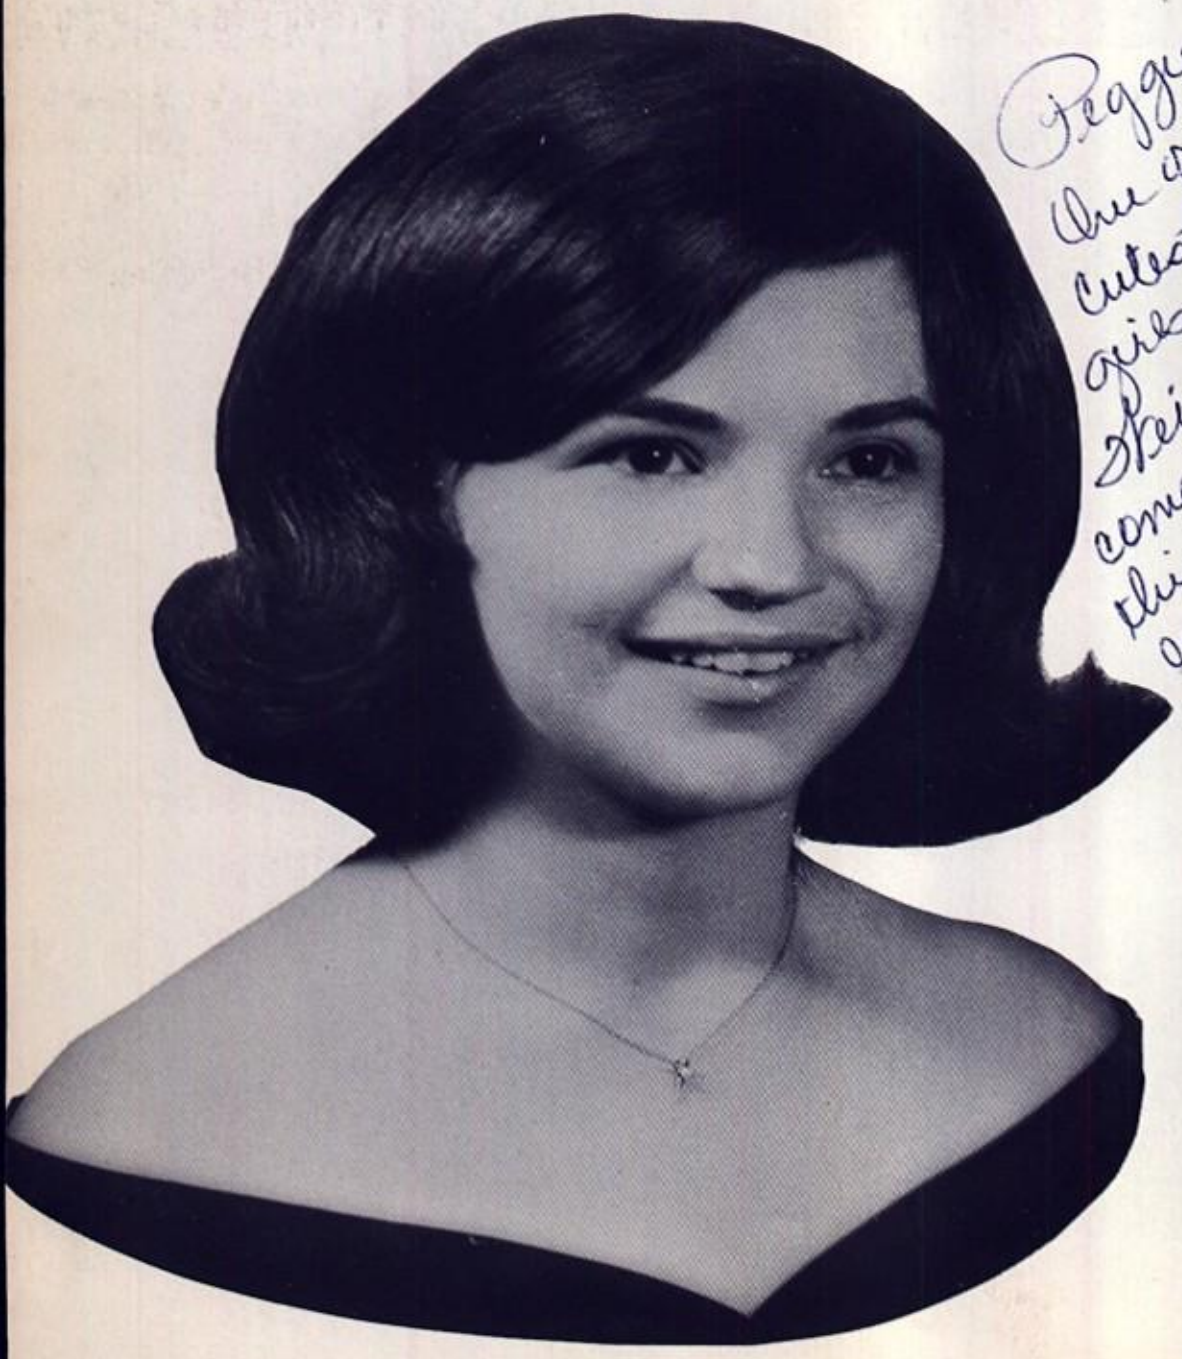
To Reach the Top Takes Imagination, Stimulus and Desire

Jean Peters and Ruth Beavers were excellent choices for Valedictorians. They represent the Student Body well. Not only the students but the teachers, also, have given Jean and Ruth a vote of confidence by selecting them as members of the National Honor Society. For two years Jean has worked hard as a cheerleader and this year as Subscription Manager on the Vancourier staff.

JEAN PETERS

Ruth seems to be just as active as Jean. Her activities include Future Teachers, Future Nurses and Pep Clubs. She was selected and supported by her classmates as Miss Bulldog. They are truly all-around students.



RUTH BEAVERS

Preparation for the Future Demands Knowledge of the Past

PATRICIA CARROLL
SALUTATORIAN

Patty's many achievements include being a member of the National Honor Society for three years and secretary of the Future Nurses Club for this year. She has won several awards in Civics, Biology, History, and Science, but has remained humble and friendly and has gained the admiration and respect of all.

Patty is very helpful as a teacher's aid.

Jean is never too busy to sell a Vancourier.

As a member of the 12-A Homeroom, Ruth is proud to accept the HONOR AWARD.

Fashions — Of These Times

HERE COMES THE BRIDE! The dresses shown here were worn in the wedding of Ernestine Hunt Harper. The bride's dress and that of her attendant, her sister Betty, were made by Ernestine. Dana Butcher made her own dress.

In 1882 Edison had a great idea.

And it wasn't the electric light.

The whole idea of investor-ownership of electric light and power companies began when Thomas A. Edison and a group of investors financed his first power plant more than 80 years ago.

Since then, investor-owned companies like ours have become an integral part of America's Free Enterprise system. That explains why today we have at our fingertips more electric power than any other country in the world.

And it's this same Free Enterprise system that puts at *your* fingertips greater opportunity, greater expectation for success than can be hoped for by any other young people in the world.

Reflective Memories Have Now Been Stored

Left to Right: Subscription manager, Jean Peters; Advisor, Miss Thompson; Editor, Steve Fleming; Advertising manager, Aleta Holstein; Business Manager, Lana Cook (not in picture).

Finished! We can't believe it. We're sure that our subscribers are well pleased with this yearbook. Let it be said that we all worked long, patiently, and faithfully in pleasing everyone. We wish to thank our advisor, Miss Thompson for her dedicated and faithful service. Last, but by no means least let us thank those who contributed ads that made it possible for the 1968 Vancourier to be published.

We think this is one of the best yearbooks that has been published by Van High School, but who knows what is in the future. We hope that future generations who see this yearbook will be reminded of past years and that on reflecting back will recall the wonderful year of 1968 at Van High School.

Peggy,

Starting from our first unusual Aquaintance, I have really enjoyed being your good friend. You have always poured your heart out to me and I am happy that you can trust me this way, to confide in me. I understand your feelings about Certain situations. I wish you luck with them anyway. When I leave this year, it doesn't mean the end of our friendship. I will always be more than happy to talk & help you. May you be a knock-out success in the future, with your looks & smart personality. I know that you will.

Love ya,
